The Battle for Your Soul

Psalm 1

1. What has been your experience with the Psalms in your life? What is your favorite aspect of them? What is a struggle you have encountered with them?
2. What would you say most fulfills you? What outside influences shape your soul for more time than God and his Word each week? How can your delighting and meditating grow?
3. How do you intend to approach the Psalm 119 challenge in the next few weeks? How could your brothers and sisters pray for and encourage you in that?
4. Read Psalm 19:7-10. How have you experienced the law of God (his Word, the story of the Gospel, God's "instruction") doing in your life the things mentioned in these verses?
5. How have you experienced the fruit of a life lived rooted deeply in the law of God? Who in your life do you think about when you think of others impacted by the fruit of your life?
6. What would you really like your life to be characterized by? In other words, see if you as a group can write several "Wouldn't it be wonderful if ...?" scenarios in which you live according to God's law and are a blessing to others. What's most on your heart for your life?
